EXPERIENCE

Verse LTD, Birmingham — Web Developer

Sept 2019 - Present

My role as a web developer is to utilise modern technology such as React, nodeJs and graphql while using best practises in order to create bespoke website for clients while using UI/UX principles.

My most notable achievements would be working on a large project for Resorts World Birmingham, and putting myself forward to work with the Head of Department to design and layout an internal component library and CI/CD pipelines.

Ocado LTD, Tamworth — CSTM

Oct 2017 - Aug 2019

My role as a customer service team member was to delivery to customer in time orientated manner while presenting great customer service.

Dreams Living LTD, Birmingham — Transport Coordinator

Sept 2016 - Sept 2017

My role as a transport coordinator involved managing and organising time critical deliveries within the UK. In addition I was responsible for managing the transport department and planning and overseeing improvements within the department as well as liaising with the warehouse and customer service department to improve overall efficiency and manage cost efficiency for my department.

Ocado LTD, Tamworth — CSTM

Nov 2015 - Aug 2016

My role as a customer service team member was to delivery to customer in time orientated manner while presenting great customer service.
